OBJECTIVE

Enthusiastic Python Developer (Fresher) with a solid understanding of Python programming, data structures, and backend fundamentals. Eager to start my career in an entry-level role where I can solve real problems, work on practical projects, and continuously improve my development skills while contributing to meaningful software solutions.

EDUCATION

Bachelor of Engineering (B.E.) – Computer Science Engineering 2022 – 2026
Sal Institute of Technology and Engineering Research (SALITER) Ahmedabad, Gujarat
CGPA: 7.0

Class XII (RBSE) 2020 – 2021
Sheth Chunnilal Hansrajji Govt. Sr. Secondary School Bhinmal, Rajasthan
Percentage: 91.60%

TECHNICAL SKILLS

- **Programming Languages:** Python
- **Frontend:** HTML, CSS
- **Backend:** Flask, OOPs, API Integration
- **Databases:** MongoDB, SQL
- **Tools & Platforms:** Git, GitHub, VS Code

PROJECTS

Saylo - Interview AI Platform May. 2025 – Nov. 2025

Developed an AI-powered interview practice platform using Python and Flask that simulates real interview scenarios through automated question-and-answer interactions. Built backend REST APIs to manage interview sessions, user responses, and AI-generated feedback, enabling users to practice and improve their interview skills in a structured environment.

- Designed and developed backend REST APIs using Python (Flask) for interview session management.
- Implemented AI-based question generation and response evaluation logic.
- Integrated third-party AI APIs to automate interview interactions.
- Collaborated with frontend to connect APIs for a smooth interview flow.

ACHIEVEMENTS

Google Cloud Arcade – Skill Badges **Link**

- Completed hands-on labs in generative AI, DevOps, Firebase, and ML using Vertex AI, BigQuery ML, and Gemini API.

Girl Script Summer of Code (GSSoC) **Link**

- Contributed to open-source projects under GSSoC 2025, enhancing frontend components and improving code efficiency.

CERTIFICATIONS

GenAI Exchange Program – Hack2Skill **Link**

- Trained in Vertex AI, Gemini APIs, Streamlit, RAG, and Imagen.
